## WEINSTOCK, MANION, REISMAN, SHORE & NEUMANN

### A Half Century of Superior Legal Counsel

ONE OF THE PRE-EMINENT ESTATE PLANNING FIRMS in Southern California, Weinstock, Manion, Reisman, Shore & Neumann has been providing top-notch legal counsel to sophisticated clients for 50 years.

**INDIVIDUALIZED SERVICE** Weinstock, Manion, Reisman, Shore & Neumann specializes in estate planning, probate and trust administration, trusts and estates litigation, and general business, corporate and taxation law. Unlike boutique law firms with narrow areas of expertise, the firm's lawyers are specialists in complementary areas of law and work together to provide comprehensive legal counsel. Yet unlike many large firms, its smaller size offers clients greater responsiveness, efficiency and individualized service.

**LASTING RELATIONSHIPS** The firm's clients are business owners and other high net-worth individuals who require complex, cutting-edge representation. These clients also need lawyers they can trust with critical aspects of their private lives. Weinstock, Manion, Reisman, Shore & Neumann provides the sophistication and sensitivity to balance clients' professional interests with their personal objectives. Client loyalty is a testament to this. "We've worked with three or even four generations within a single family," says Sussan Shore, the firm's managing director, who

has been named to the Top 50 Women *Super Lawyers*® list in Southern California.

**'TEACHING IS OUR CULTURE'** Many firm members are long-time instructors at UCLA Extension and are highly sought after as speakers for professional and community organizations. "Teaching is our culture," says Shore, who has been an instructor at UCLA for 28 years. This emphasis on teaching has helped the firm to grow deep connections in the community. In addition, it keeps the attorneys at the forefront of new issues and changes in the law. By staying up to the minute with developments in the legal landscape, attorneys can swiftly devise effective strategies that will best capitalize on—or counter—new legislation and court decisions.

**RESPECTED LEADERS** Collaboration and coordination are hallmarks of the firm. The firm's size facilitates teamwork, and the expertise of its attorneys assures legal counsel that is both comprehensive and exceptional, including M. Neil Solarz, who has been listed multiple times among *Super Lawyers*' Top 100 attorneys. That's why Weinstock, Manion, Reisman, Shore & Neumann remains a leader among the region's estate planning firms—and why seven of the firm's lawyers have again been named to *Super Lawyers*.
